

Core strengths

smart

Built-in RtOS embedded intelligent operating system, operator Localization, system stability.

practical

Removable battery, long time standby, with the original All kinds of imported ink cartridges are widely used in various fields

worry

Machine free warranty for 1 year, lifetime warranty, team 7*24 hours a year for your intimate waiting

beautiful

Industry-leading industrial design, easy to carry, beautiful and light, ergonomic

convenient

360-degree omni-directional printing, hand-held online dual use, touch editing printing content and modifying parameters parameters, no need to connect to a computer

Low cost

Integrated HP original imported print engine at lower cost Obtain higher printing quality

Smart M10

Hand-held printer

RtOS/ 4.3 inch capacitive touch screen

600dpi hd printing quality

Multilingual support | handwritten input

HD Spray print clearly
360° full range jet coding

 Online editing
No need to connect to a computer

 Color screen
ergonomic

 Super-long standby
Battery detachable
